PROGRAMMING EXPERIENCES

Game Development

JEAN LOUIS LA BIÈRE/ LYON/ SUMMER 2025 (4 MONTHS)

- Collaborated within a two-person student team on a professional retro arcade video game project commissioned by a brand.
- Gained hands-on experience across the entire game development pipeline, from initial concept and design to implementation and testing.
- Demonstrated strong autonomy, a keen sense of responsibility, and effective teamwork throughout the project lifecycle.

Mobile Game Developer (Unity Internship)

ACADEMIC PROJECT / LYON/ SUMMER 2024 (2 MONTHS)

- Contributed to a mobile game project within a 5-developer team, primarily responsible for furniture placement system, save/load functionalities, and various game design/implementation tasks.
- Enhanced C# programming skills, algorithmic thinking, and Unity engine proficiency.

OTHERS EXPERIENCES

SERVICE & KITCHEN ASSISTANT

RESTAURANT Ô PHO D'ANNAM/ LA ROCHELLE

- Worked effectively in a team across service, dishwashing, and kitchen roles, often in fast-paced, high-pressure environments.
- Developed rigorous work habits, rapid execution, and strong customer service skills.

FOOTBALL REFEREE

DISTRICT DE DORDOGNE / FRANCE

- Officiated official matches in a regulated setting, ensuring fair play and adherence to rules.
- Cultivated composure, a strong sense of responsibility, and the ability to manage high-pressure situations.
